Dear Marion,

I regret to inform you that I am resigning today from my position as president of the Bonita Creek Property and Preservation Association. Therefore, I will be unable to respond to your last communication and also will be unable to attend the hearing on Sept. 21. A new board for the Association is in the process of being elected and this last communication as well as any further communications should be addressed to them. The Association mailing address is 251 N. Big Als Run, Payson, AZ 85541.

Sincerely,

Bill Glaunsinger

Dear Mr. Glaunsinger,

Thank you for the August 5, 2004, Association Board meeting minutes. Are these the minutes of the Bonita Creek Land and Homeowner's Association because the minutes don't have a heading? I need the meeting minutes where the August 5, 2004, minutes were officially approved by the Board.

I am confused as to the reason you sent me the September 3, 2005, minutes because nothing in those minutes references the official approval of the August 5, 2004, minutes. Also, at the August 5, 2004, meeting, when you state that the Board approved changing the name to the Bonita Creek Property and Preservation Association, why does the September 3, 2005, meeting minutes have the heading Bonita Creek Land & Homeowners Annual Meeting? Also, if the Board voted to change the Association name at the August 5, 2004, meeting, what is the reason it was brought up again at the September 3, 2005, meeting? That issue is listed under new business for that meeting. Who made the motion, who seconded the motion and were there any Board members opposed?

Please give me the Board members' names and titles for the Bonita Creek Land and Homeowner's Association and the Bonita Creek Property and Preservation Association. I also need to know the titles of the Board members who attended the August 5, 2004, meeting and the names and titles of the Board members present at the September 3, 2005, meeting.

Regards,
Marian Sheppard

P.S. Bryan – I will also forward Mr. Glaunsinger's initial email which has the attachments.
