Subject: Vehicle Transfer – Miami P.D.

Several months ago Sgt. Baxley interdicted a 2004 Dodge Intrepid, vin # 283hd46v54h702769 on U.S. 60 transporting marijuana. This case has been adjudicated as well as the vehicle forfeiture process. The Dodge Intrepid is an old police vehicle which has the plastic rear seat and the black and white paint scheme, including the outline of police decals it had at one time on the exterior. I would like to propose that the Gila County Sheriff's Office consider transferring this vehicle to the Miami Police Department for their patrol use as they are in need of vehicles. Any consideration given to this request will be greatly appreciated.
