Contractor shall not unreasonably anticipate the requirements of this contract.

Termination for Cause: County may also terminate this contract or any part hereof with fourteen (14) days notice for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any of the terms and conditions of this contract. Late deliveries, deliveries of products which are defective or do not conform to this contract, unsatisfactory performance as judged by the Facilities Manager, and failure to provide County, upon request, with adequate assurances of future performance shall all be causes allowing County to terminate this contract for cause. In the event of termination for cause, County shall not be liable to Contractor for any amount, and Contractor shall be liable to County for any and all damages sustained by reason of the default which gave rise to the termination. If it should be determined that County has improperly terminated this contract for default, such termination may be deemed a termination for convenience.

In the event Contractor is in violation of any Federal, State, County or County law, regulation or ordinance, the County may terminate this contract immediately upon giving notice to the Contractor.

Funds Appropriation

If funds are not appropriated by the Board of Supervisors to continue this Contract and for the payment of charges hereunder, the County may terminate this Contract at the end of the current fiscal period. The County agrees to give written notice of termination to the Contractor at least thirty (30) days prior to the end of its current fiscal period and will pay to the Contractor all charges incurred through the end of such period.

Acceptance/Agreement

Any agreement made pursuant to this Invitation for Bid must be accepted in writing by the Contractor. If for any reason Contractor should fail to accept in writing, any conduct by Contractor which recognizes the existence of an Agreement pertaining to the subject matter hereof shall constitute acceptance by Contractor of the Agreement and all of its terms and conditions.

Award Agreement cont....

Any terms proposed in Contractor's acceptance of County's offer which add to, vary from or conflict with the terms herein are hereby objected to. Any such proposed terms shall be void and the terms herein shall constitute the complete and exclusive statement of the terms and conditions of the Agreement between the parties and may hereafter be modified only by written instrument executed by the authorized representatives of both parties. If any Agreement has been issued by the County in response to an offer and if any of the terms therein are additional to or different from any terms of such offer, then the issuance of the Agreement by the County shall constitute an acceptance of such offer subject to the express conditions that the Contractor assent to such additional and different terms herein and acknowledge that the Agreement constitutes the entire agreement between the County and the Contractor with respect to the subject matter and acknowledged unless Contractor notifies the County to the contrary in writing within ten (10) days of receipt of the Agreement.

Force Majeure

The County shall not be held responsible for acceptance of all or any part of the materials tendered for delivery under this Agreement due to federal, state or municipal action, statute, ordinance or regulation, strike or other labor trouble, fire, windstorm or other incidents outside of the County's control which shall make such acceptance impossible or impractical.

Conflict of Interest

The County may cancel any contract or agreement, without penalty or obligation, if any person significantly involved in initiating, negotiating, securing, drafting or creating the contract on behalf of the County's departments or agencies is, at any time while the contract or any extension of the contract is in effect, an employee of any other party of the contract with respect to the subject matter of the contract. The cancellation shall be effective when written notice from the County is received by all parties to the contract, unless the notice specifies a later time under A.R.S. §38-511.

Patents

The Contractor agrees upon receipt of notification to promptly assume full responsibility for the defense of any suit or proceeding which is, has been, or may be brought against the Gila County and its agents or vendors for alleged patent and/or copyright infringement, as well as for the alleged unfair competition resulting from similarity in design, trademark or appearance of goods by reason of the use or sale of any goods furnished under this contract and the Contractor further agrees to indemnify the County against any and all expenses, losses, royalties, profits and damages including court costs and attorney's fees resulting from the bringing of such suit or proceedings including any settlement or decree of judgment entered therein. The County may be represented by and actively participate through its own counsel in any such suit or proceedings if it so desires.

Warranty

Contractor expressly warrants that all goods or services furnished under this agreement shall conform to all specifications and appropriate standards, will be new, and will be free from defects in material or workmanship.

Award Agreement cont.....

Contractor warrants that all such goods or services will conform to any statements made on the containers or labels or advertisements for such goods, or services, and that any goods will be adequately contained, packaged, marked and labeled. Contractor warrants that all goods or services furnished hereunder will be merchantable, and will be safe and appropriate for the purpose for which goods or services of that kind are normally used. If Contractor knows or has reason to know the particular purpose for which County intends to use the goods or services, Contractor warrants that such goods or services will be fit for such particular purpose. Contractor warrants that goods or services furnished will conform in all respect to samples. Inspection, test, acceptance of use of the goods or services furnished hereunder shall not affect the Contractor's obligation under this warranty, and such warranties shall survive inspection, test, acceptance and use. Contractor's warranty shall run to County, its successors, and assigns. Contractor agrees to replace or correct defects of any goods or services not conforming to the foregoing warranty promptly, without expense to County, when notified of such nonconformity by County, provided County elects to provide Contractor with the opportunity to do so. In the event of failure of Contractor to correct defects in or replace nonconforming goods or services promptly, County, after reasonable notice to Contractor, may make such corrections or replace such goods and services and charge Contractor for the cost incurred by County in doing so. Contractor recognizes that County's requirements may require immediate repairs or reworking of defective goods, without notice to the Contractor. In such event, Contractor shall reimburse County for the costs, delays, or other damages which County has incurred.

Quality Standard of Materials

If desired by the County, items/services bid shall be subjected to testing, dissection or analysis by a recognized testing laboratory or consultant selected by the County to determine that the material(s)/services(s) submitted for bid conform to the bid specifications. The cost of testing, dissection or analysis shall be borne by the bidder.

Subcontractors

During the performance of the Contract, the Contractor may engage such additional Subcontractors as may be required for the timely completion of this Contract. The addition of any Subcontractors shall be subject to the prior approval of the County. In the event of subcontracting, the sole responsibility for fulfillment of all terms and conditions of this Contract rests with the Contractor.

Successors & Assigns

This Contract shall extend to and be binding upon Contractor, its successors and assigns, including any individual, company, partnership or other entity with or into which Contractor shall merge, consolidate or be liquidated, or any person, corporation, partnership or other entity to which Contractor shall sell its assets.

Assignment

No right or interest covered by this contract shall be assigned in whole or in part without the prior written consent of the County.

Award Agreement cont.....

Execution of Notice of Award

The Contractor shall execute the Notice of Award with Gila County within ten (10) days after receipt.

Liquidated Damages

For each and every calendar day that work shall remain uncompleted after the time specified for the completion of the work in the proposal, or as adjusted by the Facilities Manager, the sum per calendar day per M.A.G. Spec 108.9, Table 108-1, may be deducted from monies due to or to become the Contractor, not as a forfeit or penalty but as liquidated damages. This sum is fixed and agreed upon between the parties because the actual loss to the County and to the public caused by delay in completion will be impractical and extremely difficult to ascertain and determine.

Supervision by Contractor

The Contractor will supervise and direct the work. He will be solely responsible for the means, methods, techniques, sequences and procedures of construction. The Contractor will employ and maintain on the work a qualified supervisor or superintendent who shall have been designated in writing by the Contractor as the Contractor's representative at the site. The representative shall have full authority to act on behalf of the Contractor and all communications given to the representative shall be as binding as if given to the Contractor.

Clean Up

After all work under the contract is completed, the Contractor shall remove all loose concrete, lumber, wire, reinforcing, debris and other materials not incorporated in the work from the site of the work.

Inspection

- a. Inspectors may be stationed on the work to report to the Facilities Manager or his Designee as to the progress of the work, the manner in which it is being performed, and also to report whenever it appears that material furnished or work performed by the Contractor fails to fulfill the requirements of the specifications and contract. The Inspector may direct the attention of the Contractor to such failure or infringement but such inspection shall not relieve the Contractor from any obligation to furnish acceptable materials or to provide completed construction that is satisfactory in every particular.
- b. In case of any dispute arising between the Inspector and the Contractor as to material furnished or the manner of performing the work, the Inspector shall have the authority to reject materials or suspend the work until the question and issue can be referred to and decided by the County. Inspectors are not authorized to revoke, alter, enlarge, relax, or release any requirements of the specifications. Inspectors shall in no case act as foremen or perform other duties for the Contractor or interfere with the management of the work by the Contractor.

Award Agreement cont.....

- c. Inspection or supervision by the Facilities Manager or Designee shall not be considered as direct control of the individual workman and his work. The direct control shall be solely the responsibility of the Contractor.

Hindrances & Delays

In the event that the Contractor sustains damages as a result of expenses incurred by a delay for which the County is responsible, the Contractor and the County shall negotiate to determine the amount of such damages. This provision is effective only if the delay caused by the County is unreasonable under the circumstances and was not within the contemplation of the parties. This provision shall not be construed to void any provision of this contract pertaining to notice of delays, arbitration or other settlement provisions applicable to disputes, or provisions relating to liquidated damages.

Equal Employment Opportunity

During the performance of this contract the Contractor will follow the Federal government's Affirmative Action guidelines to ensure that employees or applicants applying for employment will not be discriminated against because of race, color, religion, sex or national origin.

Loss & Damages

All loss or damage arising out of the nature of the work to be done or from the action of the elements, or from any unforeseen circumstances, in the prosecution of the same, or from any unusual obstructions or difficulties which may be encountered in and/or during the prosecution of the work, or from any casualty whatsoever of every description, shall be sustained and borne by the Contractor at his own cost and expense.

Protection of Finished or Partially Finished Work

The Contractor shall properly guard and protect all finished or partially finished work, and shall be responsible for the same until the entire contract is completed and accepted by the County.

Any payment for completed portions of the work shall not release the Contractor from such responsibility; however, he shall turn over the entire work in full accordance with these specifications before final settlement shall be made.

In case of suspension of the work for any cause whatever, the Contractor shall be responsible for the project and shall take such precautions as may be necessary to prevent damage to the project and shall erect any necessary temporary structures, signs, or other facilities at no cost to the County.

Award Agreement cont....

Final Acceptance

“Final Acceptance” shall mean a written final acceptance of the work by the Facilities Manager in the form of the Notice of Final Acceptance. The Facilities Manager or his Designee shall make the final acceptance promptly after all work under the contract has been completed in accordance with the contract documents and after final inspection.

Dumping & Disposal of Waste

The Contractor is responsible for the cost to dispose of all waste products including excess earth material which will not be incorporated into the work under this contract. The waste product referred to herein shall become the property of the Contractor.

The Contractor shall provide for the disposal at a legal off-site location for all waste products, debris, etc., and shall make necessary arrangements for such disposal. Any disposal/dumping of waste products or unused materials shall conform to applicable Federal, State and Local Regulations.

Changes in Contract Price

The Contract Price may be changed only by a written Change Order issued by the County. The value of any work covered by a Change Order or of any claim for increase or decrease in the Contract Price shall be determined by one or more of the following methods in the order of precedence listed below:

1. Unit prices previously approved.
2. An agreed lump sum.

Changes in Contract Price

The County may at any time, as the need arises, order changes within the scope of the WORK without invalidating the CONTRACT. If such changes increase or decrease the amount due under the CONTRACT DOCUMENTS, or in the time required for performance of the WORK, an equitable adjustment shall be authorized by written CHANGE ORDER.

The County will execute a formal CHANGE ORDER based on detailed written quotations from the Contractor for work related changes and/or a time of completion variance. All CHANGE ORDERS are subject to approval by the County.

The County, also, may at any time, by issuing a written FIELD ORDER, make changes in the details of the WORK not affecting contract price or time. The CONTRACTOR shall proceed with the performance of any changes in the WORK so ordered unless the CONTRACTOR believes that such written FIELD ORDER entitles him to a change in CONTRACT PRICE or TIME, or both, in which event he shall give the OWNER WRITTEN NOTICE thereof within one (1) day after the receipt of the Field Order, and the CONTRACTOR shall not execute such changes pending the receipt of an executed CHANGE ORDER. If the Contractor performs work authorized under a Field Order and subsequently requests a Change Order for that work, the County shall not be obligated to issue a Change Order.

Award Agreement cont....

Workmanship

Where not more specifically described, workmanship shall conform to all of the methods and operations of best standards and accepted practices of the trade or trades involved and shall include all items of fabrication, construction or installation regularly furnished or required for completion.

All work shall be executed by tradesmen skilled in their respective lines of work.

When completed, all work shall have been durably and substantially built and shall present a neat, workmanlike appearance.

Local Conditions, Rules & Regulations

The Bidder shall familiarize himself with the nature and extent of the Contract documents, work to be performed, all local conditions, and federal, state and local laws, ordinances, rules and regulations that in any manner may affect cost, progress or performance of the work.

Contractor's and Subcontractor's books, records, correspondence, accounting procedures and practices, and any other supporting evidence relating to this Contract (all the foregoing hereinafter referred to as "Records") shall be open to inspection and subject to audit and/or reproduction during normal working hours by the Gila County, or its authorized representative, to the extent necessary to adequately permit evaluation and verification of any invoices, payments or claims based on Contractor's or Subcontractor's actual costs (including direct and indirect costs and overhead allocations) incurred, or units expended directly in the performance of work under this Contract.

For the purpose of evaluating or verifying such actual or claimed costs or units expended, the Gila County or its authorized representative shall have access to said Records from the effective date of this Contract for the duration of the work and until three (3) years after the date of final payment by the Gila County to Contractor pursuant to this Contract.

The Gila County or its authorized representative shall have access, during normal working hours, to all necessary Contractor and Subcontractor facilities, and shall be provided adequate and appropriate work space, in order to conduct audits in compliance with the provisions of this Article. The Gila County shall give Contractor or Subcontractor reasonable advance notice of intended audits.

Contractor shall require Subcontractors to comply with the provisions of this Article by insertion of the requirements hereof in any subcontract pursuant to this Contract.

Guarantee-Warranty

The provisions of Special Provisions and Specifications shall apply with the following additional requirements:

1. Should the Contractor fail to begin repairs or corrective work within fourteen (14) calendar days after receipt of written notice from the County, the County may perform the necessary work and the Contractor hereby agrees to reimburse the County for the actual cost.

Award Agreement cont....

2. The warranty period on any part of the work so repaired or replaced shall be extended for a period of twelve (12) months from the date of such repair or replacement.

Storage & Staging

Bidders are advised to contact the Gila County Facilities Department to determine the requirements for obtaining permission for staging and storage areas they propose to use.

Storage areas shall be fenced. The Contractor shall obtain written approval from the property owner for staging and storage area use. This approval shall contain any requirements which are a condition of this approval.

Endangered Hardwoods

Any construction, building addition or alteration project which is financed by monies of this state or its political subdivisions shall not use endangered tropical hardwood unless an exemption is granted by the Director of the State of Arizona, Department of Administration. The Director shall only grant an exemption if the use of endangered tropical hardwood is deemed necessary for historical restoration or to repair existing facilities and the use of any substitute material is not practical. Any lease-purchase agreement entered into by this state or its political subdivisions for construction shall specify that no endangered tropical hardwood may be used in the construction unless an exemption is granted by the Director. As used in this subsection, "endangered tropical hardwood" includes ebony, lauan, mahogany or teak hardwood.

The industrial environment in which the Contractor for Gila County operates may on occasion present a potential safety and health hazard to any who may be on the job site, if applicable governmental regulations and sound work rules for maintaining a safe place and environment are not followed. The Occupational Safety and Health Act (OSHA) and the Gila County loss control procedures are the minimum standard for safety and environmental protection and must be fully complied with at all times. All Contractors using chemicals on Gila County property shall use only the safest chemicals, with the least harmful ingredients. These chemicals shall be approved for use by a Gila County Facilities Manager prior to bringing them on property.

Contractors shall make every attempt to apply approved chemicals with highly volatile organic compounds, outside of working hours. Adequate ventilation shall be used at all times during the application of these approved chemicals.

In conjunction with the Occupational Safety and Health Standards, Subpart-2 Toxic and Hazardous Substances-Hazard Communication Standard, Section 1910-1200 Hazard Communication, Contractors are hereby informed of the presence of (or possible presence) of chemicals in the area where the work requested will be performed. REQUEST FOR PROPOSALS

LEGAL ARIZONA WORKERS ACT COMPLIANCE

Contractor hereby warrants that it will at all times during the term of this Contract comply with all federal immigration laws applicable to Contractor's employment of its employees, and with the requirements of A.R.S. § 23-214 (A) (together the "State and Federal Immigration Laws"). Contractor shall further ensure that each subcontractor who performs any work for Contractor under this contract likewise complies with the State and Federal Immigration Laws.

County shall have the right at any time to inspect the books and records of Contractor and any subcontractor in order to verify such party's compliance with the State and Federal Immigration Laws.

Any breach of Contractor's or any subcontractor's warranty of compliance with the State and Federal Immigration Laws, or of any other provision of this section, shall be deemed to be a material breach of this Contract subjecting Contractor to penalties up to and including suspension or termination of this Contract. If the breach is by a subcontractor, and the subcontract is suspended or terminated as a result, Contractor shall be required to take such steps as may be necessary to either self-perform the services that would have been provided under the subcontract or retain a replacement subcontractor, (subject to County approval if MWBE preferences apply) as soon as possible so as not to delay project completion.

Contractor shall advise each subcontractor of County's rights, and the subcontractor's obligations, under this Article by including a provision in each subcontract substantially in the following form:

"Subcontractor hereby warrants that it will at all times during the term of this contract comply with all federal immigration laws applicable to Subcontractor's employees, and with the requirements of A.R.S. § 23-214 (A). Subcontractor further agrees that County may inspect the Subcontractor's books and records to insure that Subcontractor is in compliance with these requirements. Any breach of this paragraph by Subcontractor will be deemed to be a material breach of this contract subjecting Subcontractor to penalties up to and including suspension or termination of this contract."

Any additional costs attributable directly or indirectly to remedial action under this Article shall be the responsibility of Contractor. In the event that remedial action under this Article results in delay to one or more tasks on the critical path of Contractor's approved construction or critical milestones schedule, such period of delay shall be deemed excusable delay for which Contractor shall be entitled to an extension of time, but not costs.
