Dear Mrs. Dawson,

I am writing to apply for the Gila County Redistricting Advisory Committee as required by the new census information.
As a Gila County resident for numerous years, I have a keen interest in seeing fair and equal representation for all of our population in county government. I have a Bachelor's Degree in Business Management that would serve the process well.
I am a retired warranty manager from Freeport McMoran Miami Division. This position required a degree of negotiating and people skills that I think would also help in this process.
Thank you for considering my application.

I may be reached at:
P.O. Box 1772

Gila County Supervisor
Ms. Shirley Dawson
1400 E Ash Street,
Globe, AZ 85501

Dear Ms. Dawson,
Attached is my application to be considered for the Gila County Redistricting Advisory Committee.

Why I would like to be considered for the Committee:
My family and I have lived in Gila County for over 10 years and have grown deep roots within our community and our county. After spending many years consulting with businesses (profile attached), I have cut back on work and am now in a position to give back to the place I have learned to love and care about. I have volunteered on numerous committees and have offered my skills to assist in becoming even better while we hold on to our historic beginnings.

What qualifies me to serve on the Committee:
My qualifications are primarily in my educational background, my work experiences, my standing within the community, and my desire to contribute in an area that affects our county and that is fraught with change. Specifically I served in the following capacities:

- Executive board member of PREDC (now N-Gila Country Economic Development). Served as Executive Committee member, Vice President and am now on the expanded board. In that capacity also met with the Southern Gila County ED group.

- Task force leader for Recycling in Payson. I worked closely and well with a leader within the Republican women's party and a leader for the region for the Democratic Party on that task force. We were able to change how our town handled recycling and put the county's services in charge while saving expenses.

- Co-Author of book on community building (*How to Play Nice Together: Building Community Locally and Globally).* Member of a diverse local Writer's group and presenter at book signings locally and throughout the country.

- My husband and I were also members to assist the county on forest restoration/fire prevention and public/private initiatives in this very important area. In that capacity I got to know and worked with county staff and elected official.

What expertise I bring to the Committee:
My ability and flexibility to lead a group and/or to be a contributing member as the situation requires.
In addition to the community activities above,
I taught at Gila Community College and had very positive evaluations by my students.
I have been the invited Key Note speaker at the Women's Wellness Forum in Payson and the featured speaker for the graduating class at our High School.

Additional information for consideration by the Board of Supervisors:
I have a good understanding of numbers and their relationships. I tutored statistics to graduate students while an undergraduate student myself.
I know how to focus, work hard and I am reliable and get things done while having fun. I care very much about what happens to our county and am delighted to contribute if given the opportunity to serve on this committee.

Sincerely

SUPERVISER DAWSON:

My name is Robert W. Hibbert and I offering myself as a volunteer citizen of Star Valley, Arizona, for one of the positions on the Redistricting Advisory Committee of Gila County. I feel I have the experience to meet the needs of the decisions that relate to the geographical boundaries of the three supervisor districts in Gila County. It concerns me that the northern part of Gila County is included in all three districts when there are differences in the culture, population, and the tax base between the northern and southern parts of our county. From my point of view the northern part of Gila County is unfairly and not adequately represented.

I have lived in Payson and Star Valley, after being incorporated, for the past 10 years. My wife and I moved to Payson in January 2001 and temporarily lived in Payson until our home was built in the Knolls subdivision. Prior to moving to Payson I resided in Visalia, California for 36 years.

I am a college graduate, having graduated from Oregon State University in 1959 in the School of Education. I taught school in the Modesto, California, area and in 1964 became employed by State Farm Insurance Companies. I retired from State Farm in October 2000.

In 1980, in addition to my regular duties, I volunteered to handle natural disasters (hurricane, tornado, flood, hail storm, ice storm, and earthquake) in the lower 48 states. In 1995 I was requested to enter a special unit for a year related to the claims resulting from the Northridge earthquake in southern California. The first six months I exclusively handled claims involving "Agent's Errors and Omissions." My role was to resolve serious misconduct by some agents which resulted in inadequate earthquake limits of coverage for policyholders. I was charged to investigate those errors and to correct those deficiencies of coverage with policyholders. The second six months at the Northridge earthquake I served as a the company's negotiator relating to the payment to large Homeowner Associations and Apartment Complexes. This involved meeting with their boards and attorneys to educate and to solve the problems of the complexity of earthquake insurance.

I have been a registered Republican since I moved to Payson ten years ago. In 2001 I was elected as the Rim Country Republican Club's secretary/treasurer until 2005. I served as the interim president of that organization until a president was elected in 2010. I was encouraged to be a precinct chairman for the Republican party for Star Valley, but declined that position.

I have attempted to be involved in my community since my arrival in Payson in 2001. I have been an active member of Kiwanis for more than 45 years. As a result of my work in Kiwanis I was named in the Payson Roundup in 2002 as Payson's Role Model. Currently I am on the Town of Star Valley Planning and Zoning Commission and the Water and Sewer Commission.

My wife and I have been a board members of the Tonto Community Concert Board for the past six years. I spent two years meeting with the Arizona Department of Highways as co-chairman of the Gateway Project involving the landscaping of the round-a-bout at the intersection of Highway 87 and Tyler Parkway. Since 2002 I have been a CASA (court appointed special advocate) for children that are wards of the court.

I would appreciate your consideration for the opportunity to serve on the Redistricting Advisory Committee.

Dear Ms. Martin,

I respectfully request that I be appointed as one of the people selected to redraw the district boundaries in Gila County.

I work well in small group situations. I am a diligent worker. I take the task of redistricting in a fair and equitable manner with the upmost seriousness. I regard proper redistricting to be a vital necessity to the proper functioning of American self governance.

I have been active in my church for many years, sometimes holding office. I have served for the best part of a decade on the board of directors of a school in my old home of Anchorage Alaska. For several years I served as the chairman of the school board.

I served as den leader to the Cub Scouts for three years. In the last year of my service I was recognized as the primer den leader of our entire council.

I am retired now and have the time to devote to this important task. I believe that I can represent our part of the county properly and honorably on the Redistricting Advisory Committee. I look forward to your favorable action on my application.

With best regards,

Dear Supervisor Dawson,

I would like to be considered for placement on the Gila County Redistricting Advisory Committee.

I have been a resident of Gila County and Globe since September of 1972, and have resided at my current address since January of 1973.

Until my retirement I was employed with IBM Corporation as a Customer Service Representative. In that position I traveled extensively throughout Gila County as well as the rest of Eastern Arizona. I worked with nearly all of the private industries as well as the various government entities. I have had an opportunity in that time to observe my neighborhood, city, and county, and am well aware of the geographic, cultural, and political diversity of Gila County.

I know that after each census is taken it is necessary to redefine the political boundaries, and the necessity in studying all aspects so that all citizens are given an opportunity to be represented in an equal manner in accordance with the laws and constitution of our United States of America.

As a registered independent I do not favor one political party over another. I consider myself to be unbiased regarding race, creed, or national origin.

Having the status of being retired, I am usually available to devote whatever time will be necessary to fulfill the obligation to the duty required while serving on the Redistricting Advisory Committee.

Thank you for considering my application to this important committee.

Sincerely,

Tom Moody

Linda Eastlick
Director
Gila County Division of Elections
1400 E Ash Street
Globe, AZ 85501

Dear Ms. Eastlick:

I am writing in response to your advertisement in Copper Country News in being considered as a member of the Gila County Redistricting Advisory Committee. Based on the requirements listed in the ad, I feel that my skills and experience are a perfect match for this position.

I wish to be considered for the Committee as a resident in the City of Globe for approximately 14 years. My qualifications in serving on other boards with applicable experience will enhance my capability to serve on the Committee. I bring expertise in strategic planning and budget process to the Committee. In addition I am currently employed with the San Carlos Apache Tribe for approximately 17 years and have extensive knowledge and background of tribal operations and management which may be considered in the selection process.

I look forward to further discussing opportunities with you. If you have any questions or would like to schedule an interview, please call me at (928) 475-2218.

Sincerely,

Loretta Stone
