 12 Beaumont Rd

Customer must notify VBrick promptly by telephone, and/or via our website of any alleged defect with the Equipment or software, including a detailed description of such alleged defect. For warranty verification purposes, the customer must furnish VBrick Technical Support Services with the equipment serial number or warranty contract number. Failure to provide this

number may delay service response time or require payment for services. VBrick's telephone number for warranty service is (203) 303-0222. VBrick's support website is located at <http://www.vbrick.com/support>. Upon notifying VBrick of an alleged defect with the Equipment and after defect has been verified by VBrick's Technical Support Services, Customer agrees not to use the Equipment until further notice by VBrick. Customer shall bear all risks of operation, if Customer operates the Equipment prior to VBrick's determination that the Equipment is suitable for operation, and VBrick shall bear no liability whatsoever for any damages, losses or claims that may arise due to such operation.

If Customer elects to avoid the verification process, a PO for VBrick's in-house diagnostics fee (consult latest price list for diagnostics fee charges) will be required. If equipment is deemed faulty, diagnostic fees will be void.

Replacement equipment will not be shipped without an RMA number assigned. All Equipment received by VBrick without an RMA number will be returned to the customer without being repaired. Customers must return the Equipment in need of repair with the same serial number as reported in the RMA. If equipment with a different serial number is returned under the RMA, the equipment will be returned without being repaired. Customer must ship the Equipment to VBrick, at Customer's expense. Customer is responsible for properly packing the Equipment before it is shipped to VBrick.

If VBrick determines that the defect was not caused by accident, improper use, abuse, neglect, unauthorized alteration or service, inconsistent use with the specifications or any use other than ordinary use, VBrick shall, at its option, repair or replace the applicable part(s) of the Equipment within the limits of the program in which the Equipment is enrolled, and at VBrick's expense, return the Equipment to the Customer in the same or equivalent manner that the Equipment was delivered to VBrick.
