

EXECUTIVE SUMMARY FORM

Contract Name:

Purchase Elliptic Metal Detector -Globe Courthouse

Contract No.:

GSA Contract No. GS-07F-0007H

Statement of Purpose and Need (3-5 Sentences)

The Globe Courthouse is in need of security equipment at the entrance of the building. An Elliptic Metal Detector will allow for the detection of narcotics and contraband, explosives, weapons etc....that may be brought into the Courthouse. CEIA USA, Ltd has a contract with General Service Administration (GSA), which has recently opened up all contracts to all municipalities to utilize. Previously only the Federal Government could utilize the GSA contracts. Staff had planned on purchasing the same machine from the vendor we are purchasing the x-ray machine from, but then we discovered we could save \$1,149.50 from purchasing the machine directly from CEIA USA, which is the company that the other vendor was going to purchase it from. Additionally, by purchasing directly from CEIA, they're personnel are better trained to install the equipment, whereas the other company was going to hire outside of their staff for the installation and pass that charge on to the County.

Contract End Date:

04-30-14 to 06-30-14

Renewal Option:

Yes No

Maximum Dollar Limit:

\$7,259.17

Contract Information

Firm Name: CEIA USA, Ltd
