regional
pavement maintenance

BRIEF HISTORY/QUALIFICATIONS

Regional Pavement Maintenance of Arizona, Inc. was created in 2003 to fill a void in the Arizona pavement and installation market to give buyers a better choice. Principals Joseph DiGiugno and Stephen Leone combined their years of background and expertise to bring a much needed hands-on owner-operator approach to this market.

Friends and business acquaintances for over 30 years, both Stephen and Joseph left lucrative asphalt businesses in Rochester, New York to join the project management team at Ace Asphalt. Stephen was a record setting producer in the Private Sector and Joseph worked in the Public Works Department as a Mohave Contract Estimator, Administrator and Auditor. He helped establish the current structure and business platform Mike Jensen and Gloria Contreras still use to this day.

As seasoned veterans in the industry, the two noticed a hole in this market created by two large corporations and several other businesses that had been bought and sold by professionals outside the industry. The economic conditions were perfect and demand was there, so the two joined to form Regional Pavement Maintenance of Arizona. Initial polling of many Cities, Counties, School Districts and Private Business show that people didn't feel they had a choice outside of the status quo to fill their needs, and often felt cheated or taken advantage of on price. Our goal became simple. Give them a better choice, thus evolved our tag line "Arizona's Better Choice!"

Regional Pavement Maintenance has been "Arizona's Better Choice" for keeping our customer's Budgets and Asphalt in the Black for over the past decade. We bring a high level of quality control and "hands-on" owner participation that cannot be matched. Your expectations are merely a benchmark for our experienced and well trained staff to exceed.

We offer the largest array of self-performed applications of any asphalt contractor in our class and provide a variety of installations to meet your general requirements and custom needs. Enjoy Sealcoating with Extended Warranties and various Slurry Seal Applications for your specific project. Asphalt Paving, Patching, Removal and Replacement rank among the highest long term maintenance costs of your property, and your hard fought budget dollars can be spent with confidence.

Regional Pavement Maintenance is an "Accredited" Better Business Bureau company and offers statewide service for Asphalt Paving, Sealcoating, Striping, Cracksealing, Fog Seals, Grading, Slurry Seal, Concrete and more.

GILA COUNTY:
COLCORD ROAD PAVING PROJECT
INVITATION FOR BID NO. 040615

ADDENDUM #1:
DATE: 6/2/2015

CLARIFICATIONS: Below are answers to the questions raised at the jobsite pre-bid meeting on June 01, 2015 at 10:00 A.M.

1. The listing on the Gila County website incorrectly stated that the pre-bid meeting held yesterday morning at the jobsite was a "mandatory" meeting. The meeting was not a mandatory meeting. If you would like to perform a jobsite visit prior to submitting your bid, the directions are: Take Highway 260E to Milepost 277. There will be an ADOT sign that says Colcord Road. The project begins where the existing pavement ends on Colcord Road.
2. There was some confusion on where the jobsite meeting was to be held. The Notice of Invitation for Bid No. 040615 states that the *Bid Opening and Submittal Location* is the Gila County Guerrero Conference Room. The location for the pre-bid meeting was the jobsite. An email was sent out on May 12, 2015 to all of the plan holders, that the County was aware of, to clarify the location of the meeting.
3. **It shall be the Contractor's responsibility to** furnish and place the asphalt at the jobsite.
4. In September 2015, the County will perform the grading from end to end of the jobsite, prior to the Contractor commencing work. Gila County will also furnish and place ABC Course at that time. Tentative schedule is to pave by the first week of October, but definitely no later than the second week of October if inclement weather should arise.
5. Surveying and staking is not required from the Contractor. When the County prepares the subgrade, we will provide an edge line to run off of.
6. Gila County will provide traffic control and water for construction, compaction and dust control. Striping and signage is not a part of this Invitation for Bid.
7. Due to the time difference between the bid due date and the actual project commencement date, an oil index adjustment will be made, if necessary.
8. The required material testing sampling shall be pulled from materials on site. Contractor shall provide Gila County with the sample results.

9. The completed project shall result in two thirteen foot driving lanes with a one foot shoulder on each side.
10. The completed project shall result in a 2 1/2" compacted AC final product.
11. On Page 39 – Bidder Checklist and Addenda Acknowledgment, disregard the reference to "Anti-Terrorism Warranty". The State no longer requires that document.
12. Contractor shall base his bid on the quantity given on the revised Price Sheet. Contractor shall be paid only for actual quantities placed. Weigh tickets are to be turned into Gila County on a daily basis.

REVISIONS:

13. Replace Page 34, Price Sheet, with the revised Price Sheet attached to this Addendum.

ADDITIONAL INFORMATION ATTACHED:

14. Attached Sign-In Sheet from Pre-bid meeting is attached.

This concludes Addendum No. 1 to Invitation for Bids No. 040615. The Bid due date and time remain the same.
