EXHIBIT II

SCOPE OF WORK **TENANT-BASED BRIDGE SUBSIDY PROGRAM**

I. SUMMARY

This Contract reflects a new pilot program through a partnership between the Arizona Department of Health Services, Division of Behavioral Health Services (ADHS/DBHS) and the Arizona Department of Housing (ADOH) to expand the supply of Permanent Supportive Housing (PSH) in Arizona for individuals with serious mental illness enrolled in the public behavioral health system. PSH is a best practice housing approach that provides permanent housing (typically rental apartments integrated in the community) linked with voluntary and flexible community-based services. The PSH model is based on a philosophy that supports consumer choice and empowerment, rights and responsibilities of tenancy, and appropriate flexible, accessible, and available services that meet each consumer's changing needs.

This pilot initiative is a tenant-based rental assistance program with basic policies similar to the federal Section 8 Housing Choice Voucher (HCV) program. This initiative will provide ADHS/DBHS consumers with more housing choices and the flexibility to select a unit and neighborhood that meets their specific needs and preferences. This program is designed as a "bridge subsidy" to help consumers eventually access HUD Section 8 Housing Choice Vouchers. To this end, the Bridge Subsidy Program will mirror to the extent possible HUD's Section 8 HCV Program. The ADHS/DBHS consumers will receive the rental assistance until they are able to access a Section 8 Housing Choice Voucher, or no more than a five year period.

II. PROGRAM MODEL

The Bridge Subsidy Program's purpose is to provide tenant-based permanent supportive housing for ADHS/DBHS target population consumers while creating a structured link to a permanent rental subsidy through the Section 8 HCV Program. The Bridge Subsidy Program will act as a catalyst to structure closer relationships with local Public Housing Authorities and other affordable housing providers. The Bridge Subsidy Program will provide temporary, tenant-based rental assistance until a person receives a Section 8 voucher. At time of entry into the Bridge program, the participant will be required to apply for Section 8 assistance. In addition, the participant will also be required to accept a Section 8 voucher when a voucher becomes available. The Bridge Subsidy Program will utilize a rent calculation procedure consistent with HUD's Section 8 regulations. As a result, participants will pay approximately 30% of their adjusted income towards rent. In addition, the rent allowed will be capped at the maximum rent for the local PHA's Section 8 HCV Program. The Subsidy Administrator will conduct annual and periodic inspections of the Bridge Subsidy units using HUD's Housing Quality Standards. Finally, landlords that accept a Bridge Subsidy participant must agree to accept a Section 8 voucher when one becomes available.

A. Target Population:

The target population is defined as ADHS/DBHS consumers who are adults with serious mental illness that are currently homeless or residing in a residential treatment program.

B. Tenant Share of Rent:

The Tenant is required to pay rent according to the HUD formula of 30% of his or her adjusted gross income as calculated. These Tenant Payments are used to offset the total rental payment. The rent and associated costs are subsidized by state funds administered by the RBHA Housing Division.

C. CONTRACTOR REQUIREMENTS:

1) Tenant Related Matters.

- d. Collection of Tenant Share of Rent. The Contractor shall inform Tenant of Tenant share of rent and/or utility payments and allowances.
1. The Contractor shall calculate Total Tenant Payment (TTP) based on income using the methods described by HUD. Income verification for the purposes of calculation of TTP shall be completed when the Tenant is first housed and thereafter, at annual intervals or when notified of any changes in income. The Contractor shall verify any income, whether earned or unearned, from any source for each applicant and household member. The Contractor shall provide written notification to the RBHA Housing Administrator of changes in TTP within ten (10) working days.
 2. In the event the Contractor is informed by the Landlord that the Tenant is delinquent in payment of the Total Tenant Payment, the Contractor will notify the Tenant and the Tenant's Case Manager in an attempt to rectify the situation in which the Tenant could be out of compliance with the lease agreement.
- e. Eviction Prevention. The Contractor shall alert the Service Provider/Case Manager and the RBHA in the event it is learned that the Landlord has provided an Eviction Notice to the Tenant. Copies of the Arizona Residential Landlord/Tenants Act regarding evictions will be provided to the Tenant and the Service Provider.

2) **Operating Matters.**

a. HQS and Inspector Availability. The Contractor shall conduct HQS inspections and complete reports as required by the RBHA and HUD and maintain at least one person on staff who is qualified to perform and who will perform the HQS inspections within ten (10) business days of request. The Contractor shall conduct HQS inspections prior to move-in and on an annual basis. Interim HQS Inspections will be completed as needed.

b. Requiring Tenant to Follow Policies. The Contractor shall require all Contractor staff having direct contact with Consumer to train its staff about the rights of people with serious mental illnesses and have a working knowledge of the Arizona Residential Landlord/Tenant Act (ARLTA) and Fair Housing Laws. The Contractor shall be prepared to and shall act in accordance with the ADHS/DBHS, ARLTA and Fair Housing Laws when violations of the lease occur. The Contractor shall concurrently pursue informal measures of resolving matters, when appropriate, and shall keep the Tenant, Case Manager, and the RBHA Housing Manager informed of all actions taken.

3) General Matters.

- a. Maintenance of Files. The Contractor shall maintain complete individual files on each Tenant referred to the Contractor and additionally maintain a file on each unit under a Sponsor Based lease.
- b. Maintenance of Documents and Papers. The contractor shall ensure that all leases, housing assistance payment contracts, and occupancy agreements are executed, maintained, and performed in compliance with approved HUD and RBHA policies.
- c. Hearings and Grievances. The Contractor shall operate an informal and formal hearing process for the resolution of Tenant matters handled by the Contractor. The Contractor shall maintain copies of the ADHS/DBHS and the RBHA grievance procedures and make them available to any applicant or Tenant who has indicated dissatisfaction with the services of the Contractor.
- d. Cooperation with Oversight Agencies. The Contractor shall cooperate with all the RBHA, ADHS/DBHS, ADOH, HUD, and other appropriate monitoring activities, including record review training sessions, and site-visits.
- e. Cooperation With and Participation on Clinical Team. The Contractor shall cooperate with the RBHA staff, Clinical teams, support service Contractors, and others for the overall management and success of the Housing Program and the Tenants participating in the Program; respond promptly to calls from these persons and promptly report Tenant information to the Case Managers and other appropriate Contractors, especially when Tenants activity is affecting housing eligibility, tenancy status, or is indicative of a clinical problem; cooperate with and initiate as necessary an Individualized Service Planning Process (ISP) or a Staffing for any Tenant who may be jeopardizing his or her housing eligibility by violations of the housing program standards.
- f. Meeting Attendance. The Contractor shall attend meetings, including grievance, appeal and ISP hearings. Appropriate notice shall be given to Contractor requesting meeting attendance.
- g. Privacy of Tenant. The Contractor shall decline to participate in conversations regarding a Tenant's medical history, and not accept or maintain medical records, except for the minimum amount of information necessary to assess unit accessibility needs, if appropriate. Information that is received by the Contractor from a Tenant or other third party that is of a clinical nature should be referred to the Case Manager or clinical team.
