Contract No; **ADSP015-093839**
Description: **Computer Hardware including Peripherals and Associated Services**

1. Introduction

The State of Arizona, its Agencies, Boards and Commissions (State), as well as authorized Cooperative Members, have an ongoing requirement for the products and services as described herein. This NASPO Value Point Participating Addendum (PA) is developed by and for the State of Arizona. This PA is based on the award of a competitively solicited procurement, performed in concert with NASPO Value Point and the State of Minnesota.

2. Background

In 2014, the State of Minnesota competitively solicited offers from national and regional Contractors for the provision of computer hardware and associated services. Specifically, the categories of equipment are; Desktops, Laptops, Tablets, Servers and Storage. The result of this procurement was the award of thirty-two (32) Master contracts that became effective on April 1, 2015. Per the procedure outlined on the NASPO Value Point website and other materials, an interested participating state, must develop a Participating Addendum (PA) with the Contractors of their choosing.

The Participating Addendum (PA) must adhere to the requirements of the Master Contract as awarded and negotiated by the State of Minnesota. However, each individual PA may stipulate specific requirements, such as terms and conditions and other contract features are mandated or desired by each participating State.

3. State of Arizona Requirements

Peripherals – A peripheral means any hardware product that can be attached to or added within or networked with computers, servers and storage. Peripherals extend the functionality of a computer without modifying the core components of the system. **Peripherals are defined as including accessories.** Peripherals may be manufactured by a third party, however, Contractor shall not offer any peripherals manufactured by another Contracted Supplier holding a Master Agreement. The Contractor shall provide the warranty service and maintenance for all peripherals.

Accessory – Accessories do not extend the functionality of the computer, but enhances the user experience i.e. mouse pad, monitor stand. **For the purposes of this proposal accessories are considered peripherals.**

Such notice shall be delivered or mailed certified-return receipt and shall make a specific reference to this article, thereby invoking its provisions. The delayed party shall cause such delay to cease as soon as practicable and shall notify the other party in writing when it has done so. The time of completion shall be extended by Contract Amendment for a period of time equal to the time that results or effects of such delay prevent the delayed party from performing in accordance with this Contract.
